GENERAL INFORMATION

ATTENDANCE POLICIES

ABSENTEE POLICY

Enforcement of the compulsory attendance laws in the Schuylkill Haven Area School District shall be in accordance with the School Laws of Pennsylvania, regulations of the Pennsylvania Department of Education and the policies of the Schuylkill Haven Area School District.

The following guidelines shall be adhered to for reporting student absences:

1. A student is to bring a written excuse, stating the reason for his/her absence, the day s/he returns to school. This procedure must take place even if a parent/guardian has called the school to inform of the absence.
2. **If a written excuse is not provided within three days after the period of absence, the student will be given an unexcused or illegal absence. If a student is considered unexcused, he/she may receive no credit for assignments, assessments, and /or classwork on that given day.**
3. Excuses such as helping at home, overslept, visiting friends, etc., are **unexcused** reasons for missing school and are to be declared unexcused or illegal.
4. Any student whose absence is declared unexcused or illegal may be placed on after-school detention by the principal or assistant principal. Failure to serve the detention may result in suspension. Students and parents are to read the disciplinary actions for illegal absences and the late to school policy.
5. Students who have been absent for three consecutive school days are required to furnish (within 3 days of their return to school), a note from a physician to the high school office detailing the specific dates that student is excused. Failure to provide such a statement will render the absence as unexcused, or unlawful as applicable, with accompanying legal action taken by the school office.
6. Parents planning to take a vacation during the school year must secure approval prior to having their child excused from school for the vacation period. A written request, listing dates of the trip and the educational value of the vacation activity must be addressed to the high school principal. After approval is secured, parents are reminded that it is the obligation of the child to contact his or her teachers and complete work assigned. Educational trips are to be limited to ONE WEEK and not during standardized testing. Please refer to the School Calendar that follows the Table of Contents for tentative dates.
7. Continued, willful, unexcused absence constitutes a violation of school rules, which will result in disciplinary action per district discipline code and the state/county truancy policy.
8. **Students who accumulate 10 total absences during the school year will be declared excessively absent. Written notification will be sent home. Students who are declared to be excessively absent will be required to provide a doctor's note for any future absence. Any absence not covered by a doctor's note will be listed as illegal/unexcused. Any illegal/unexcused absence will be acted upon as listed under the illegal/unexcused absence section below and may result in legal action against the student and/or guardian as per Pennsylvania state law.**
9. Students who are cited for truancy will be placed on attendance probation the following school year. Medical notes will be required as per truancy offer communication.

UNEXCUSED/UNLAWFUL ABSENCE

If a student is declared illegally absent for any reason, the following policy shall apply:

PENALTIES FOR VIOLATION

First offense

First offense notice sent home, county policy and school procedures included.
Phone call from Truancy Officer.

Second offense

Second offense notice, county policy and school procedures sent home. Phone call from Guidance Counselor.

Third offense	Third offense notice sent home, school procedures included. Notice of School Attendance Improvement conference which will be scheduled at next unexcused absence. Phone call from Assistant Principal. Detention assigned. *
Fourth offense	Fourth offense notice sent home, school procedures included. School Attendance Improvement Conference scheduled with parent. Phone call from Assistant Principal. Detention assigned. *
Fifth offense	Fifth offense notice sent home, county policy and school procedures included. Warning that 6 th unlawful absence triggers required Student Attendance Improvement Program, citation and/or Children and Youth Referral. Call from Principal. Detention assigned. *
Sixth offense	Notice from Superintendent of Schools. Citation sent to District Magistrate for parent and/or student; each fine not to exceed \$750. Mandatory School-based or Community-based program assigned to student. If applicable, Children & Youth referral and/or Juvenile Probation office notified. Detention assigned. *
Seventh and subsequent offenses	Additional citations issued with each unexcused absence. District Magistrate and Children and Youth Offices notified. Juvenile Probation office notified. Detention assigned. *

Exclusion from school-sponsored activities will be considered (for example: Powderpuff, Prom, and Commencement activities).

**Also, any student who fails to serve the assigned detention may be placed on suspension.*

Students who are deemed “habitually truant” during the school year will be immediately placed on the excessive absence list for the beginning of the following school year. The student will be required to provide a medical excuse for every absence during the first semester of the school year, and will be allowed 5 parent excuses during each of the remaining two marking periods. (3rd and 4th MP)

When a child is “habitually truant” it means absent for more than three school days AFTER the school district has provided the first notice of truancy, which it must do after three unlawful absences. If a student is habitually truant, she or he may be referred to the local Children and Youth Services agency for services or possible disposition as a dependent child, depending on the student’s age.

A child who is habitually truant may be referred for possible disposition as a dependent child under the Juvenile Act. An adjudication of dependency could lead to the child’s removal from the home and placement in a foster home or other setting. This is why it is SO IMPORTANT that, as a parent, you should take action as soon as you receive the first truancy notice.

LATE TO SCHOOL

On-time attendance is very important. Employers constantly question the school on the lateness and attendance records of students. Poor weather conditions, personal health problems, and extreme family emergencies are the only legal excuses for a student reporting late to school. Students must turn in a written excuse for the lateness within **(1)** day of being late to school. This procedure must take place even if a parent/guardian has called the school to inform of the absence.

Once a student has been late to school **10** times he or she will be declared ***excessively tardy***. A student who is declared to be excessively tardy will be required to provide a doctor’s note for any future lateness. Written notification will be sent home. Any tardy not covered by a doctor’s note will be listed as illegal/unexcused. Any illegal/unexcused absence will be acted upon as listed under the Late to School policy of the handbook. One of the most important lessons this high school teaches is punctuality.

ABSENCE FROM SCHOOL/LATE TO SCHOOL: PIAA ELIGIBILITY/EXTRA-CURRICULAR PARTICIPATION

Students must be in attendance in order to practice or participate in any athletic or extra-curricular activity. Students must be in school at or before 10 am in order to be considered in attendance for that day. A student must have an excused tardy note from his/her parent or guardian by the end of the school day in order to participate if he/she arrives between 7:40 and 10 am. If a student does not submit an excused tardy note, he/she may not participate in any extra-curricular activity that day. If a student arrives after 10 am, he or she needs a doctor's note in order to participate, unless pre-approved by the high school principal. If a student leaves school at any point during the day, he or she needs a doctor's note in order to participate, unless pre-approved by the high school principal.

Friday's attendance is the day of record for all Saturday and Sunday activities. Therefore, students who are absent from school on Friday will not be eligible to participate in weekend activities.

A student who has been absent from school during a semester for a total of 20 or more school days shall not be eligible to participate in any athletic contest until he/she has been in attendance for a total of 45 school days following his/her 20th day of absence, except that where there is an excused absence(s) per PA School Attendance Code. Attendance at summer school does not count toward the 45 required days. Absence from school for an entire semester, or for several semesters, shall disqualify a student for the same time period [Section (2) 3 PIAA handbook].

ACADEMIC ELIGIBILITY - GOOD STANDING

In order to participate in PIAA sports or other school-sponsored extra-curricular activities, a Schuylkill Haven Area High School student must be in good academic standing. This means a student must pass a minimum of 5 aggregate credits per week. Failure to do so will make a student ineligible to participate in events or activities for one week. His or her academic record will then be reevaluated at the beginning of the next week. The eligibility report will be calculated as of 10:00 AM the first school day of each week. Students who are ineligible for three weeks in a season will be dismissed from the team and/or band. Individual coaches have the authorization to restrict this number to two weeks of ineligibility.

Students who do not pass 5 credits in a preceding grading period are ineligible to participate for fifteen (15) school days of the next grading period.

At the end of the school year, the student's final credits in his/her subjects rather than his/her credits for the last grading period shall be used to determine eligibility for the next grading period.

ACADEMIC PROGRESS

Parents are encouraged to track their child's progress on our student information system, PowerSchool. Logins can be requested through the technology office. If your child is experiencing academic difficulties, please do not hesitate to contact the teacher and/or guidance counselors. A parent and teacher conference will be scheduled if requested by either party.

ACADEMIC FAILURE

Students who receive an "academic failure" may make up a course in one of several ways following consultation with the teacher, guidance counselor and with approval of the principal.

1. Repeat the entire course.
2. Repeat the course through the Virtual Academy, if the course is available.
3. Attend summer school, if the course is available.

In all cases of repeating a course, the requirements as set forth by the teacher must be met in order to receive the credit.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA) NOTIFICATION

The Schuylkill Haven Area School District is committed to maintaining a safe and healthy learning and working environment for all students and employees in our schools. As a result of improved methods of medical research, we have an increasing awareness of the presence of substances in our environment that may be dangerous to our health. Certain materials known generally as “asbestos” have been identified as being among those substances. While materials containing asbestos were used for many years as insulation and fire-retardants in the construction of schools and other buildings, without the knowledge of the danger by the school district and other consumers, we now know that exposure to, and inhalation of, asbestos fibers that are released into the air may pose a hazard to the health of our students and employees.

In response to these concerns, the district has taken the necessary actions to address the issue, and to comply with all federal, state and local laws relating to the presence of asbestos. All known friable (flaking) asbestos has been removed from all of the district’s buildings. Of the options available to deal with the presence of friable asbestos, removal was clearly the safest and only permanent solution to the problem. The district decided to remove the friable asbestos in compliance with the Environmental Protection Agency’s 1982 Friable Asbestos-Containing Materials in Schools; Identification and Notification Rule. Implementation of the management plan has been in operation since 1986. Since then, the high school and middle school buildings were completely renovated. The elementary center, built in 1990-91, never contained any asbestos type materials.

The asbestos management plan for our buildings include: this notification, the inspection and assessment report, educating and training our employees, a set of plans and procedures designed to minimize the disturbance of the asbestos-containing materials, and plans for regular surveillance of the asbestos-containing materials. A copy of the asbestos management plan is available for your inspection at the District Office, 501 East Main Street, Schuylkill Haven, PA 17972. Mr. Ken Albitz is the Asbestos Program Manager and all inquiries regarding the plan should be directed to him (385-6729).

ATTENDANCE INFORMATION - ENFORCEMENT OF RESIDENTIAL STATUS AND DUE PROCESS RIGHTS

The district has the responsibility and right to use legal means available to ensure that students enrolled in the district’s schools are legal residents meeting the standards of residency cited in this policy. The district may utilize standard investigation procedures including home visits, verification of information with third parties, social agencies, schools and governmental organizations and agencies. The district recognizes that access to public education is a basic property right which persons cannot be denied without due process.

In cases where non-residency is suspected, parents and guardians shall be guaranteed the following due process rights:

- Notice of the specific charges
- The right to an informal hearing
- The right to retain legal counsel
- The right to be presented with the names of the witnesses against them and copies of their statements
- The right to have such witnesses appear in person and answer questions or to be cross-examined
- The right to testify and present witnesses on their behalf
- The right to waive the hearing

AUTOMOBILES

The convenient location of the school and availability of bus transportation do not require the use of private cars or motorcycles for travel to and from school. However, school officials recognize that students may need private transportation to part-time work situations, athletic practices, etc. Therefore, a student parking lot is available adjacent to the high school building. This lot is supplied as a **privilege** to students.

To park in the lot, students must secure a parking permit in the principal’s office and display this permit on the vehicle parked on school property each year. A parking permit is \$5.00. Vehicles not registered with the office will be ticketed and students will be responsible for paying a fine. Vehicles will be fined \$10 for the first offense, and the

fine will double in price for further violations. Students will not be permitted to go to their vehicles once the school day begins without administrative permission.

Vehicles ticketed more than (3) three times in a school year will be towed and the owner will be responsible for any towing or impound fees. Students are not permitted to park in the lower faculty lot or upper visitors lot. For more information, please consult the full Student Vehicle Policy found in the high school office that must be signed prior to parking in the lot.

Students parking on school property indicate their consent to a vehicle search and random drug testing.

BULLYING POLICY FOR STUDENTS

Prohibition of Harassment, Intimidation, and Bullying

The Schuylkill Haven Area School District is committed to a safe and civil educational environment free from harassment, intimidation or bullying for all students, employees, volunteers and patrons. Any student in the district who engages in conduct, which constitutes bullying as defined in this policy, shall be subject to discipline up to and including expulsion.

Students are encouraged to utilize the skills and strategies that are discussed in the 8th grade seminar classes with respect to bullying and cyber-bullying, along with the information that is taught throughout a variety of classes within the high school.

Definition of Bullying

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting and/or outside a school setting, that is severe, persistent or pervasive and has the effect of doing any of the following:

1. Substantial interference with a student's education.
2. Creation of a threatening environment.
3. Substantial disruption of the orderly operation of the school.

Information Complaint Process

Students and parents/guardians should make all reports to a teacher, guidance counselor or administrator. Staff should inform an appropriate supervisor when they receive complaints of harassment, intimidation, or bullying.

The High School has a Bully Box located in the lobby for anonymous tips regarding possible bullying within the building.

Consequences of Violation of Policy

Any student, whether it is the accuser or the accused, in this district that is found to have engaged in conduct considered to be bullying may be subject to discipline up to and including expulsion. Determination of appropriate disciplinary sanctions or education requirements shall be based upon the circumstances of the individual case, considering the following factors among others:

- Severity of the misconduct
- Pervasiveness or persistence of the misconduct
- Effect on the victim or victims
- Intent of the perpetrator

Informal remedies include an opportunity for the complainant(s) to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator in a building reviewing the district harassment, intimidation and bullying policy with the perpetrator.

Retaliation or reprisal against any person who reports a bullying incident(s) is strictly prohibited. Likewise, students and staff are prohibited from knowingly or willfully falsely accusing one another of bullying as a means of retaliation,

or reprisal. The consequence and appropriate remedial action for a person who engages in retaliation or reprisal shall be determined by the principal or his/her designee after consideration of the nature and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

Disciplinary actions taken may include, but are not limited to the following:

- Counseling within the school
- Parental Conference
- Loss of privileges
- Transfer to another classroom, school building, or school bus
- Exclusion from school-sponsored activities
- Detention
- Suspension
- Expulsion
- Counseling outside of school
- Referral to law enforcement officials

BUSES

Riding a school bus is a privilege, which may be revoked at any time students fail to follow regulations. Bus drivers are responsible for the safety of all students and have the authority to correct improper behavior. Repeat misbehaviors may jeopardize bus privileges for the entire school term.

In order to enhance security during the transportation of students to and from school and extracurricular activities and sporting events, school buses may be equipped with devices for recording both video and audio. Such recordings may be used to discipline students for improper conduct, and may be turned over to police or other law enforcement authorities to determine if criminal prosecution is appropriate where such conduct is believed to violate the criminal laws of Pennsylvania.

CAFETERIA REGULATIONS

State, federal and school district regulations prohibit the delivery of commercially prepared food to school cafeterias. Students are not to order pizzas, hamburgers, etc. for delivery to the cafe area during lunch period. Students must either buy the cafe lunch or bring their own lunch with them when they enter the building. Food and drink is not to be taken out of the cafeteria.

CLASS RANK – QUALITY POINTS

Course quality points are calculated by multiplying the final course grade as a percentage by the credit value assigned to that course. Quality points for honors courses are then multiplied by 1.25 if the final course average is 84% or higher. Quality points for AP courses are multiplied by 1.33 if the final course average is 84% or higher and if the student successfully completes the AP exam. The student with the most quality points earned will be ranked first in the class. **Class rank is computed ONLY at the end of spring semesters for grades 9-11.**

COMPUTERS AND TECHNOLOGY EQUIPMENT

With teacher permission, students may use the computers in the high school. Students may use online tools including but not limited to Edmodo, Study Island, Blended Schools, Poll Everywhere, and blogs (online discussions) that prompt students for basic information. All users are bound by the Acceptable Use Policy (AUP) and Social Media Policy agreed to upon entering the school district. A copy of the AUP and Social Media Policy is available in the office.

The following guidelines apply to computer use:

- School identification tags may not be removed from the laptops/computers.
- Food and drink should not be used near the laptops.

- Under NO CIRCUMSTANCES may students use the laptops, or any other device, to video or audio record a teacher or student without that person's permission.

Additions, modifications or deletions of files on the laptop are prohibited.

The Schuylkill Haven Area School District shall rigorously uphold laws pertaining to the use of technological equipment and the information contained in them or generated by its use. *Anyone found to be violating such laws shall be subject to prosecution by the District as well as further disciplinary action, including criminal prosecution.*

DAILY ANNOUNCEMENTS

Morning announcements will be broadcast over the public-address system or through video announcements. All announcements must be submitted to the high school office prior to 7:45 A.M. on the day they are to be aired or the date/time required by the Video Productions instructor.

DETERMINING FINAL AVERAGES

1. The final average for all courses will be the numerical average of all marking period grades provided course requirements have been met.
2. No "I" can be given for the final average.

DIRECTORY INFORMATION NOTICE

The *Family Educational Rights and Privacy Act (FERPA)*, a Federal law, requires that Schuylkill Haven Area School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Schuylkill Haven Area School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Schuylkill Haven Area School District to include this type of information from your child's education records in certain school publications.

Examples include:

- A playbill, showing your child's role in a production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their child's information disclosed without their prior written consent.

If you do not want Schuylkill Haven Area School District to disclose directory information from your child's education records without your prior written consent, you must provide written notification to Dr. Susan Morgan, Director of Curriculum, Instruction, and Technology, 501 East Main Street, Schuylkill Haven, PA 17972, in writing by September 15th of each school year. Schuylkill Haven Area School District has designated the following information as directory information:

- Major field of study and the most recent educational agency or institution attended.
- Dates of attendance
- Grade level

Safety and Privacy with respect to FERPA

Schuylkill Haven Area School District places the safety needs of our students as the utmost priority. In addressing these needs, there are times when an individual student's right to privacy in disciplinary matters may conflict with parents' concerns for information regarding the welfare of their children. While there are many times we cannot share specific information, please do not hesitate to contact your building principal should you have any questions regarding your child's safety and well-being.

DISSECTION OF SPECIMENS

Students enrolled in science courses are provided with the opportunity to dissect specimens. Students not wishing to participate are provided with alternative learning experiences, e.g. models, internet activities, worksheets, etc. to fulfill the learning requirements. Alternative approaches will be offered in situations where class work may infringe on the religious, moral or ethical standards of the student.

DROPPING & ADDING CLASSES

Students may drop and add classes during the first 6 (six) days of school. After that designated time period, students will not be permitted to drop or add classes except under extreme circumstances and with the permission of the principal.

DROPPING OUT OF SCHOOL

The school board, administration, faculty, and support staff of the Schuylkill Haven Area High School are opposed to any effort by any student who wishes to leave formal education without a high school diploma.

No action is more detrimental to the economic, social and emotional worth of a person than quitting school. Quitting relegates a student to a lifetime of menial jobs with poor prospects for personal betterment. In addition, dropouts tend to have children who also dropout, perpetuating the problem on another generation and society at large.

The computer/technology rich world of the 21st Century demands workers who are highly trained with a high school diploma as a bare minimum requirement for growth and advancement.

Every student's effort must be geared toward earning a diploma and continuing their education in college, business, trade or technical school. The purpose of the student dropout procedure is to prevent the tragic mistake made by students who quit school. A form is available in the office.

EARLY DISMISSAL FROM STUDY HALL – 9th PERIOD

Any student who is assigned to a last period study hall may receive permission to leave the building at the end of 8th period. Students must receive parental permission and must apply for the early dismissal option. Students who have failed **ANY** class the previous marking period will not be eligible. The last marking period grades of the previous year will be the determining factor for the 1st marking period. Grades will be checked quarterly to determine eligibility. Appropriate forms are available in the high school office. Students who apply for this option must meet the following criteria:

1. Have not failed any class from the previous marking period (The last marking period grades of the previous year will be the determining factor for the 1st marking period).
2. Must not have accumulated 10 or more absences or 10 or more lateness's. Once a student accumulates 10 or more absences or 10 or more lateness's, the early dismissal privileges will be revoked.
3. Must not be participating in any after school sports or activities.
4. Must sign out at the end of the day in the high school office (any student who fails to comply will automatically lose this privilege).

EXTRACURRICULAR ACTIVITY - ATHLETIC CODE FOR STUDENTS

The Administration and Board of School Directors have developed guidelines to encourage responsible student behavior in all extra-curricular activities. These in-season guidelines will govern student behavior from the official opening of the season or activity until the close of that individual season or activity.

Beginning from the first day of PIAA sanctioned practice a student-athlete will have a two-week period of time to make a decision whether to participate in the respective sport for that season. Injury, illness or PIAA approved transfers will be exceptions to this policy. The Athletic Director and High School Principal will decide other possible circumstances on a case-by-case basis.

As a student in the Schuylkill Haven Area High School, I am interested in being part of a winning tradition. To do this, I must keep myself in top physical and mental condition. I do hereby agree to abide by all regulations of the school discipline policy, rules of the extracurricular activity/athletic code and all regulations required by coaches or activity advisors:

1. Academically, the student will conduct him/herself in a responsible manner.
2. No use of tobacco and nicotine in any form (including electronic/smokeless)
3. No drinking of alcoholic beverages.
4. No drugs or controlled substances unless prescribed by a physician.
5. No criminal convictions (felonies).

15. Conduct yourself like a gentleman/lady on trips, at home and on the playing area. The advisor or coach will handle all misunderstandings. Remember you are representing Schuylkill Haven Area High School.
16. Participation in extracurricular activities/ sports may be dangerous and could result in injury.

Violations of the activity code, numbers 2, 3, 4, and 5, during the school day, on school grounds at anytime, or at school sponsored activities (includes traveling from home to school and school to home) will be subject to the written discipline policy of the Schuylkill Haven Area School District. Coaches and activity advisors may also apply appropriate provisions of team rules or team/activity discipline codes.
18. Violations of the activity code, number 2, 3, 4, and 5, taking place during the PIAA sanctioned summer practice period will be assessed against the student at the beginning of the new academic year from the first day of school onward. Violations during the Christmas and Spring Recess will be assessed immediately during the recess period and continue during the academic year.
19. When a suspension cannot be completed due to the end of the playing season, event, or the school year, the suspension will carry over into the next sports season or event in which that student participates.
20. Violations of the activity code, numbers 2, 3, 4 and 5, in the community and public at large will result in the following disciplinary action:

21. Removal from the team for the remainder of that season, for conduct detrimental to the team or activity as determined by the coaching staff or advisers.
22. **Late to School** – Students must be in attendance in order to practice or participate in any athletic or extra-curricular activity. Students must be in school at or before 10 am in order to be considered in attendance for that day. A student must have an excused tardy note from his/her parent or guardian by the end of the school day in order to participate if he/she arrives between 7:50 and 10 am. If a student does not submit an excused tardy note, he/she may not participate in any extra-curricular activity that day. If a student arrives after 10 am, he or she needs a doctor's note in order to participate, unless pre-approved by the high school principal. If a student leaves school at any point during the day, he or she needs a doctor's note in order to participate, unless pre-approved by the high school principal.
23. **Absent from School** - Friday's attendance is the day of record for all Saturday and Sunday activities. Therefore, students that are absent from school on Friday will not be eligible to participate in weekend activities.

Coaches and activity advisors may also apply appropriate provisions of team rules or team/activity discipline codes. For the purpose of this activity code, PIAA sponsored games exclude any and all scrimmages.

Students must agree to abide by these rules and regulations and realize that breaking of these rules may lead to suspension from a team or activity.

EXTRA-CURRICULAR ACTIVITY / ATTENDANCE

Students that wish to attend any extra-curricular activity (dance, sporting event, drama, etc.) may be asked to provide a valid photo ID. Failure to provide a school issued ID or other form of photo identification could result in being denied entry into the event.

FAILURE FOR COURSE REQUIREMENTS

When the minimum number of points has been met but a student has not completed some parts of the course such as a project, term paper or other requirement, the student shall be given a failing grade for the course. A listing of the requirements on the syllabus will be filed by the teacher in the office. This deficiency can be made up after the failure has been given. In order to do this the student must confer with the teacher to arrange for makeup. The makeup must be wholly completed within **three weeks** of the notification of the failure for course requirements. During the first week of classes students must be informed of all course requirements.

GUIDANCE SERVICES

The guidance services of Schuylkill Haven Area High School are available and readily accessible to all students. Each student should feel free to make an appointment with the counselor to discuss personal, educational, vocational, social or other concerns. It need not be a crisis situation. Very often a preliminary conference with the counselor can help prevent a concern from becoming a serious problem.

After the opening of school, you are encouraged to make an appointment to discuss your education and vocational plans. The counselor will guide the student in the necessary steps you should take to qualify for further education or to enter the field of work after graduation. The counselor will also discuss graduation requirements, course selection, and other topics related to your program at Haven High.

A great deal of information regarding guidance services, dates for college boards, other tests, visits of representatives from colleges, trade schools, and nursing schools, is dispensed over the morning PA announcements. All students are encouraged to listen carefully for this vital information.

ACT ASSESSMENT - AMERICAN COLLEGE TESTING

The ACT contains four curriculum-based tests that measure academic achievement in the areas of English, Mathematics, Reading and Natural Sciences. These areas are tested because they include the most areas of instruction in both high school and college programs. Many colleges accept both the ACT and the SAT. Please check with the counselors to see which the school of your choice accepts.

Many college and scholarship agencies recommend that students take the ACT during the spring semester of their junior year.

COLLEGE BOARDS - PSAT/NMSQT

The Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test is offered to juniors who plan to take the college boards in the spring. This test is an important experience for students in two ways. First, its format is similar to the college boards thus providing a preliminary experience with this type of testing. Secondly, the scores serve as a basis for scholarship applications. Those scoring very highly are designated "National Merit Scholars". There is a fee charged for this October test. Bulletins are available in the guidance office.

COLLEGE REPRESENTATIVES

Colleges, trade schools, nursing schools, and the services frequently send representatives to talk to students. Students can meet with a college representative during their lunch when the representative is scheduled to be at the high school.

PARENT CONFERENCES

Parent conferences can be arranged by contacting the guidance counselor. Parents are encouraged to participate and be aware of the program and courses, which their child is pursuing. Changes in courses require a parent's signed approval. Changes in track (major program) require a conference with the counselor. The guidance department phone is 385-6720.

SAT (College Boards)

College board tests are administered at various locations throughout the Fall and Spring. Juniors are encouraged to take boards in November of their senior year. This allows time for updated scores to be sent to various schools that are in the process of considering applications for entrance. The most important asset to take to the test is the **proper attitude**, it is an important test and it **must** be taken seriously. Get plenty of rest the night before and **try to do your best**. Application forms and fee information are available in the guidance office.

TRANSCRIPTS

A transcript of your progress throughout high school programs is often necessary when pursuing additional education goals after graduating and in securing employment. Should you require a transcript, contact the guidance office for preparation. Official transcripts are mailed by the school to the educational institution or to a prospective employer. Transcripts are attached to all college and other school applications prior to them leaving the high school office. This policy expedites an answer on your acceptance or rejection.

Students must complete a transcript release form in the guidance office prior to any transcripts being sent out.

HALL PASS

During class time, students are not to be in hallways without a hall pass.

HAZING

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times.

For purposes of this policy hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or membership in or affiliation with any organization recognized by the Board.

Endanger the physical health shall include but not be limited to any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled substance; or other forced physical activity that could adversely affect the physical health or safety of the individual.

Endanger the mental health shall include any activity, that would subject an individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity, whether by an individual or a group, shall be presumed to be a forced activity, even if a student willingly participates.

The Board does not condone any form of initiation or harassment, known as hazing, as part of any school sponsored student activity. No student, coach, sponsor, volunteer or district employee shall plan, direct, encourage, assist or engage in any hazing activity.

The Board directs that no administrator, coach, sponsor, volunteer or district employee shall permit, condone or tolerate any form of hazing.

The district will investigate all complaints of hazing and will administer appropriate discipline to any individual who violates this policy.

The Board encourages students who have been subjected to hazing to promptly report such incidents to the building principal.

District administrators shall investigate promptly all complaints of hazing and administer appropriate discipline to any individual who violates this policy.

Students, administrators, coaches, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the building principal.

The district shall annually inform students, parents, coaches, sponsors, volunteers and district staff that hazing of district students is prohibited, by means of:

*Distribution of written policy; Publication in handbooks; Presentation at an assembly; and Verbal instructions by the coach or sponsor at the start of the season or program.

Complaint Procedure

1. When a student believes that he/she has been subject to hazing, the student shall promptly report the incident, orally or in writing, to the building principal.
2. The principal shall conduct a timely impartial, thorough, and comprehensive investigation of the alleged hazing.
3. The principal shall prepare a written report summarizing the investigation and recommending disposition of the complaint. Copies of the report shall be provided to the complainant, the accused, and others directly involved, as appropriate.
4. If the investigation results in a substantiated finding of hazing, the principal shall recommend appropriate disciplinary action, as circumstances warrant, in accordance with the Code of Conduct. Additionally, the student may be subject to disciplinary action by the coach or sponsor, up to and including removing from the activity.

HEALTH PROBLEMS

Students who become ill should receive a pass to the nurse's office or to the principal's office when the nurse is out of the building. If students receive injuries of a nature requiring medical care and/or absence from school, the teacher in charge must be notified, as proper records must be completed. This includes students injured in intramurals and interscholastic sports.

HOMEBOUND INSTRUCTION

In cases of serious accident or prolonged illness, a student's educational program may continue via homebound instruction. Homebound instruction is subject to the approval of the Pennsylvania Department of Education for local school district reimbursement purposes. Therefore, the procedure for approval of homebound instruction is very specific:

1. A doctor's note or letter requesting homebound instruction must be given to the building principal. The note must list when homebound is to begin, and if possible, when the instruction is to end. The PDE requires the doctor's note to be specific about the nature of the illness/accident and why the latter prevents the student from attending school.
2. The doctor's notification will be sent by the building principal to the superintendent of school for approval.
3. The homebound instruction request is forwarded to Harrisburg for PDE approval.

Homebound instruction is given in the four academic areas: English, math, science, and social studies. Sixty-minutes of instruction per subject per week is provided to the student. To speed the approval process, parents are reminded that the doctor's note must be detailed and specific. Merely stating that a student is to receive six weeks of homebound teaching will not be accepted by the Pennsylvania Department of Education.

HONOR ROLL

At the conclusion of each grading period, an honor roll is established for publication in the local newspapers and posted for the student body. This honor roll distinguishes those students who achieved academic success in an outstanding manner. To be eligible for the honor roll or distinguished honor roll you must meet the following criteria:

Distinguished Honor Roll – All grades must be higher than a 93% (*Students may not have any unsatisfactory marks*)

Honor Roll - All grades must be higher than an 84% (*Students may not have any unsatisfactory marks*)

****Any Incomplete grades will exclude the student from honor roll or distinguished honor roll****

INCOMPLETE GRADES

All incomplete grades given by teachers must be made up within **three weeks** following the close of the marking period. If they are not made up at that time, they will convert to an "F". No incompletes are given at the end of the school year. Students with incompletes are excluded from the honor roll.

INTEGRATED PEST MANAGEMENT (IPM)

The Schuylkill Haven Area School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. Our IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school building and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, office and teaching staff and includes our students. Pest sightings are reported to our IPM coordinator who evaluates the "pest problem" and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will only be used when necessary, and will not be routinely applied. When chemicals are used, the school will try to use the least toxic product when possible. Applications will be made only after normal school hours. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school. To receive notification, you must be placed on the school notification registry. If you would like to be placed on the registry, please notify the district in writing to the attention of Lorraine Felker, Superintendent, 501 East Main Street, Schuylkill Haven, PA 17972. Please include your email address if you would like to be notified electronically.

If a chemical application must be made to control an emergency pest problem (ex. stinging insects), notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and anti-microbial products, self-containerized baits placed in area not accessible to students, and gel type baits placed in cracks, crevices or voids; and swimming pool maintenance chemicals.

These documents are:

1. Your completed and signed student release form and fee.

3. Your ACT or SAT scores.

The certification process usually begins at the end of your junior year. To be certified you need to:

1. Graduate from high school.
2. Earn a grade point average of at least 2.00 in a core curriculum of at least thirteen (13) academic courses taken during grades 9 through 12. Only courses that satisfy the NCAA definition of a core course are acceptable.
3. Earn a composite score of at least 17 on the ACT or a combined score of at least 700 on the SAT on a national test date.

PARENTS CALLING FOR STUDENTS

Parents are asked to limit calls to the office requesting the secretaries to give students a message. Parents are asked to communicate with their children BEFORE students arrive at school. As always, emergency situations do occur and those messages will be distributed.

If a student request for a parent to drop off an item for a student (lunch money, gym clothes, school project, etc.). the office staff will not interrupt the educational process of other students by calling the classroom. The student must come to the office when he/she is able.

PRINTED MATERIALS-STUDENT COPY CHARGE

Students who wish to produce copies of printed materials whether through books, newspapers, or a computer technology format shall be charged a fee of 15¢ per printed page. This fee will be waived if the classroom teacher requires the printed materials as part of an everyday classroom teaching exercise.

PROCEDURES FOR PARENT-TEACHER COMMUNICATIONS AND RESOLUTION OF ISSUES

The Schuylkill Haven Area School District recognizes that, from time to time, concerns, problems and issues arise relative to school and class functions, that parents desire to communicate or resolve with district staff members.

To meet this on-going need, the following policy statement is provided in order to expedite the process and to clarify procedure for parents. The guiding principle in this process is the need to resolve the problem or concern at the lowest level of the organization structure - that is - as close to the source of the matter as possible.

The individual professional employee is, in most cases, the initial starting point for such communications. Contact should be made by the parent with the individual teacher. Contact the school at 385-6717 to arrange a meeting. A parent-teacher conference should be arranged by both parties. It should be noted that, in similar fashion, the teacher might initiate the conference if a need arises at the classroom level.

If a satisfactory resolution is not reached at this initial conference, the parent may call the guidance office and/or principal to set up a meeting.

The chain-of-command process shall continue with provisions made for follow-up with the Superintendent of Schools and the Student Affairs Committee of the Board of School Directors. The decision of the Board shall be final in all cases.

It should be noted that Guidance Counselors are available at the middle school and high school levels and are available for the communication process at its early stages. Parents are urged to use this service whenever necessary.

PHOTOGRAPHY/VIDEOTAPING

From time to time, our students are photographed or videotaped for either school or public relations purposes. If you wish not to have your child photographed or videotaped, please make the high school office aware in writing stating your concern.

REPORT CARDS

Report cards are prepared at the end of each nine-week period during the school year. The purpose of these reports is to inform you and your parents of your continuing progress in subject matter areas.

REQUEST FOR HOMEWORK ASSIGNMENTS

Students absent from school for one day should make arrangements with a fellow student in the class to secure homework assignments and books. When students are absent for three or more days, request for homework assignments may be made by contacting the high school office, 385-6717, prior to 9:00 a.m. Assignments for absences longer than three days may be picked up in the high school office between 3:00 - 3:30 p.m. Parents should contact the high school principal if assignment requests go unanswered or if there is an extenuating circumstance for requesting work before 3 days.

ROUTINE TESTING INFORMATION

In accordance with the recommendations of the Superintendent of Schools, the Schuylkill Haven Area Board of Education has approved a district-wide testing program designed to provide information concerning the proficiency of all children in the district on standardized tests of academic achievement and aptitude.

The results of these tests provide a continuing record of each student's academic progress in comparison with national norms. They are also a valuable aid to your child's teacher and counselor in diagnosing individual strengths and weaknesses in order to provide more effective individualized instruction.

During the school year the following tests will be administered:

1. Armed Service Vocational Aptitude Battery (ASVAB) - Grade 11 - November
2. Preliminary Scholastic Aptitude Test (PSAT) - National Merit Scholarship Qualifying Test (NMQST) - Grades 10 & 11 - October

3. American College Test (ACT) - Grade 11 - 12 - October, November, February, April, June
4. Scholastic Aptitude Test (SAT - College Boards) - Grades 11 & 12 - November, December, January, March, May, June

6. Keystone Exams – Administered toward the end of the Literature, Algebra, and Biology courses
7. Benchmark Testing, Grades 8-11, Math, English Language Arts and Science – Periodically throughout the school year

Students' scores on these tests will be checked carefully and maintained in the school records as long as they attend school in this district. No individual or agency outside of the school system will be permitted to inspect a student's record without parent/guardian's written permission.

Representational authorization has also been given by the Schuylkill Haven Area Board of Education to collect the following types of information:

Types of Information	Purpose
Registration Form	Student registration for school
Personal Data	Legitimate educational purposes
Scholastic Record	Cumulative record of grades
Health and Dental	Examinations, immunizations, and other health and dental records.

Should parents/guardians wish to examine their students' record files at anytime, arrangements may be made by making an appointment with the principal's office.

Due to the sensitive nature of some of this information, all information will be treated with complete confidentiality. Only parents and authorized school personnel will be permitted access to this information without parental consent. Much of the information will be destroyed upon graduation of the student or transferred with the student when he/she moves to another school district. Results of all tests will be shared with parents/guardians. If there are any tests on the list mentioned above which parents/guardians feel should not be administered to their child, please contact the Schuylkill Haven Area School District. If so desired, a conference will be arranged between parents/guardians and a counselor or principal to answer questions or concerns.

SCHOOL DAY

The school day will begin at 7:45 A.M. and end at 3:00 P.M. Students must be in their respective homerooms no later than 7:50 A.M. Any student who arrives after 7:50 A.M. must report to the office and will be considered tardy.

SCHOOL HEALTH SERVICES

Uniform Guidelines for the Administration of Medication During School Hours

The Schuylkill Haven Area School District recognizes that parents have the primary responsibility for the health of their children. Although the district strongly recommends that medication be given in the home, it realizes that the health of some children requires that they receive medication while in school.

For Prescription Medications:

1. The physician (Medical Doctor, Doctor of Osteopathy, Dentist, Physician Assistant or Nurse Practitioner) must complete the prescription medication form (forms are available in the nurse's office). No Medication will be administered until form is completed and on file in the nurse's office. Forms may be faxed if necessary.
2. The parents must sign the consent form for prescription medications (forms are available in the nurse's office).
3. Any medication to be given during school hours must be delivered directly to the school nurse by the parent or a responsible adult. The medication must be brought to school in the original pharmaceutically dispensed and properly labeled container. It should be delivered to the health office upon the student's arrival at school and the parent or guardian assumes full responsibility for any medication sent to school. Consent form for prescription medications should be signed at this time.

4. Prescription medication will be kept in the nurse's office. No student is to carry medication, prescription or non-prescription, with them in school, exceptions are inhaler medications or medication for life-threatening conditions, provided the necessary requirements are met.
5. Students in grades 5, 6, and 7 will be responsible for reporting to the principal's office at the time the medication is to be taken. Students in grades 8, 9, 10, 11, and 12 will be responsible for reporting to the nurse's office at the time the medication is to be given. In K-4 individualized plans will be made for the administration of medication by the nurse, the principal or his designee.
6. Except in **truly emergency situations**, teachers may not administer individually prescribed medications. Emergency medications include asthma inhaler and epi pens only.
7. The legal standards for administration of medication remain constant for **field trips**. Be advised that it is a violation of the Pharmacy Act for a school nurse to pour or repackage medication for a teacher or other person to administer. School nurses do not accompany students on field trips. Please contact the school nurse well before the field trip. Options are listed on the Field Trip Permission Form.
8. Students may be permitted to self-administer medications, such as epi-pens, insulin and asthma inhalers **with their physician's signed consent and parent signed permission**. See school nurse for appropriate form.
9. Medications arriving in baggies or envelopes etc. will not be accepted.
10. It shall be the responsibility of the parent to pick up their children's medication by the end of the school year. (prescription and non-prescription)

For Non-Prescription Medication:

1. For "over-the-counter" medication, an order from the physician is required in accordance with the Nurse Practice Act.
2. Follow the same procedure and forms for administration of prescribed medication.
3. It is the responsibility of parent/guardian to supply all medications required.

HEALTH PROBLEMS

Teachers noticing any health or medical problems with students should report this information to the nurse as soon as possible. Students that become ill should be sent to the nurse's office or the main office when the school nurse or health room technician is unavailable. School health professionals will determine whether a student needs to be dismissed for health reasons. Students are not permitted to call parents for dismissal without going to the nurse or main office.

SCHOOL ASTHMA POLICY

Purpose: To support the academic performance and improve the health status of students with asthma.

Rationale: Asthma is the leading cause of school absenteeism for children with chronic illness. Research supports that when children are taught how to take care of their disease, and adults – both at school and at home, and learn ways to prevent asthma episodes and emergencies, the children's academic performance improves and they participate more actively in the learning process.

Schools can help students control their asthma by helping them follow individualized asthma action plans, by minimizing students' exposure to allergens and other triggers by responding appropriately to students' asthma episodes.

Aim: The aim of this policy is to set out clearly the roles and responsibilities of the parents and school in relation to children with asthma in school in accordance with Act 187 signed into law 12/1/04. Act 187 permits school children with a physician's diagnosis of asthma, medication orders, parental permission, and who demonstrate responsible behavior to carry and self-administer their medication via an asthma inhaler.

All students with asthma are required to have an updated asthma action plan at school which is renewed each year. With parental permission, the plan will be shared with appropriate school personnel. Completion of an Asthma History form is also required.

When taking inhaled medications at school you and your child's health care provider may choose one of 2 options:

1. Assist students with medications in nurse's office, or
2. Student may carry own medication, if responsible and specific requirements are met.

Students without an emergency action plan will be provided first aid according to "Standard Protocol for Students without a Personal Asthma Action Plan." Copies of this protocol will be given to all PE teachers, classroom teachers, and other personnel working with the student.

SELF-ADMINISTRATION OF ASTHMA MEDICATION AUTHORIZATION PROCEDURE

When a health care provider, parent/guardian, student and school nurse agree that self-administration of asthma or other medication is appropriate for an individual student, the procedure must be done safely, carefully and accurately.

An authorization for administration of inhaled asthma medication form must be completed by the prescribing health professional and parent/guardian and returned to the school nurse. (Forms can be obtained in the nurse's office.)

ORDERS MUST BE RENEWED ANNUALLY OR WHENEVER MEDICATION, DOSAGE, OR ADMINISTRATION CHANGES.

The parent / guardian family must provide to the school health office:

A written order by health care provider (could be in the form of a signed AAP) and authorization for administration of inhaled asthma medication form. (Forms can be obtained in nurse's office.)

Written authorization by the parent/guardian. (Forms can be obtained in nurse's office).

The order is to include the name of the drug, the dose, the times when the medication is to be taken and the diagnosis or reason the medication is to be taken.

The inhaler and/or other medication in a container appropriately labeled by a pharmacist or the health care provider.

The student will need to:

Demonstrate competency in taking his/her medication safely

Demonstrate appropriate asthma management and self-care skills

Appropriately complete and sign the self-administration student agreement
(Forms can be obtained in nurse's office.)

The licensed school nurse will need to:

Determine asthma severity level as indicated on an AAP, and assess level of asthma control

Assure the student understands what is asthma, early and late warning signs/symptoms, peak flow usage as appropriate, what to do to prevent and relieve symptoms, the concept of good control, asthma management steps, how to use their asthma action plan, the difference between controller and reliever medication, appropriate self-care skills, and can demonstrate appropriate medication

technique/competency (including knowing how to tell time and decide when to take their medications).

Intervene on the student's behalf by communicating with the student's parent/guardian and health care provider as needed in order to promote better asthma control and acquisition of asthma self-care skills.

SCHOOL INVOLVEMENT IN MILITARY RECRUITING

The Schuylkill Haven Area High School cooperates with the United States Armed Forces by providing senior class lists and senior directories for local military recruiters.

Federal law (Family Education "Rights and Privacy Act) and state regulations do not prohibit schools from sharing class lists and student directories with armed forces recruiters. Lists of students containing names, addresses, and telephone numbers are classified in the Family Education Rights and Privacy Act as "Directory Information" and are not subject to the same type of confidentiality restrictions as are other portions of a student record.

Parents of students and students 18 years of age or older do have the right to restrict release information. If you do not want your son/daughter's information released contact the high school guidance office by **September 1, 2017.**

SENIOR RESEARCH PROJECT

This project is a mandatory graduation requirement. Each senior will select a topic of interest from a wide selection of subjects and proceed to exhibit competent research. Students may choose to work alone or in a group of up to three people. The student will be assigned a teacher mentor. Each student will maintain a process journal noting meetings, problems encountered, problems solved and the progress of the research. Sometime during the second semester, they will give an oral presentation of their research to an appropriate audience. Their assessment will be based on their work, their process, their product and their performance. Student mentors, peers, teachers, and the students themselves will conduct assessment.

SERVICE LEARNING PROJECT

The Schuylkill Haven Area High School believes that it is the responsibility of every student to give something back to the community that has nurtured and provided for his or her intellectual, moral, emotional, social, and physical growth. That something is time through service experiences that will make the community a better place and the student a better person.

The school realizes it is only a part of the life experience of its students. It also realizes that learning does not only take place in the classroom or within school walls. To be most effective, the Schuylkill Haven Area High School must combine its curriculum with positive learning situations from the community it serves.

The Service Learning Project is dedicated to developing within our youth a sense of responsibility, commitment, and concern about their community. It is essential for young people, our most precious natural resource, to experience serving others by giving generously of their time and talents.

Encouraging students to take an active roll in their community provides them with opportunities to develop self-confidence, problem solving and leadership skills, and in many cases, valuable work skills. Service learning experiences expand students' personal learning and social horizons far beyond the classroom.

Students must complete 48 hours of community service in order to fulfill graduation requirements. For every service-learning experience, the student must have the organization or individual they are working for complete a service learning agreement. Service learning agreement forms are available in the guidance office. Upon completion, forms are submitted to the Guidance Secretary to track the number of hours completed.

STUDENT DROP-OFF AND PICK UP

Parents are reminded that the student drop-off area is located in the front parking lot, facing Main Street. **Please do not drop-off or pick-up students at the pool, gym, or auditorium entrances.** Those areas become very congested with bus and staff parking.

Parents are urged to park their vehicles in the side high school lot adjacent to the elementary center. Numbered parking spaces in the back and front lots are designated for handicapped drivers and Schuylkill Haven Area High School staff only.

STUDENT DRUG TESTING - RANDOM

The Schuylkill Haven Area School District prohibits the possession, use, misuse, or the distribution of drugs, alcohol, controlled or mood-altering substances, including anabolic steroids, look-alikes, designer drugs, drug paraphernalia, health endangering substances, medication not registered with the health office, or alcohol on school district property, school buses, or during activities under school district jurisdiction.

This policy encompasses all students in grades Eight (8) through Twelve (12) wishing to participate in any interscholastic athletic activity, any extracurricular activity, or those who meet the District's guidelines to drive on campus and/or obtain a parking permit. The policy includes those students being educated by the District under

special circumstances. The District welcomes all students, with the permission of their parents and/or guardians, to participate in the program. Students not seeking privileges for parking, participating on athletic teams or an extracurricular activity will be deemed voluntary participants.

The District will require any student submitting to testing and the student's custodial parent/guardian to consent in writing to drug testing pursuant to the District's drug testing program. No student will be able to participate in any interscholastic sport, any extracurricular activity, or to obtain a parking permit without such consent.

Copies of the policy are provided to all students enrolled in grades 8-12. If you would like an additional copy please contact the high school office.

TERRORISTIC THREATS/ACTS

The Board recognizes the danger that terroristic threats and acts by students presents to the safety and welfare of district students, staff and community. The Board acknowledges the need for an immediate and effective response to a situation involving such a threat or act.

- **Terroristic threat** - shall mean a threat to commit violence communicated with the intent to terrorize another, to cause evacuation of a building, or to cause serious public inconvenience, in reckless disregard of the risk of causing such terror or inconvenience.
- **Terroristic act** - shall mean an offense against property or involving danger to another person.

The Board prohibits any district student from communicating terroristic threats or committing terroristic acts directed at any student, employee, Board member, community member or school building.

The Board directs the Superintendent to react promptly and appropriately to information and knowledge concerning a possible or actual terroristic threat or act.

The Superintendent shall be responsible for developing administrative procedures to implement this policy. Staff members and students shall be responsible for informing the building principal regarding any information or knowledge relevant to a possible or actual terroristic threat or act. The building principal shall immediately inform the Superintendent after receiving a report of such a threat or act. Students who deface, destroy or lose a textbook will be responsible for replacement costs. Most of the books are new or nearly new. Therefore, the cost of replacing the book may be extremely high.

VEHICLE SEARCH POLICY

Parking on school property is a **privilege**, not a right. Students securing parking permits and parking on school property indicate their consent to a vehicle search. Vehicles parked on school property can be searched if the searches are in compliance with the following standards, as established by the US Supreme Court (New Jersey vs. T.L.O (1985)):

A vehicle parked on school property may be subjected to a search by school authorities when there are "reasonable grounds for suspecting that the search would turn up evidence that the student has violated or is violating either the law or rules of the school."

A search is reasonable when "the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction."

School authorities may search a student's vehicle parked on school property and seize any illegal materials. Such materials may be used as evidence against the student in disciplinary proceedings. The student, parent, and/or police shall be notified and given the opportunity to be present during the search.

Copies of the Student Health & Wellness Policy are available via the district website (www.shasd.org). If you have any questions regarding the Student Health & Wellness Policy, please contact the Director of Curriculum, Instruction, and Technology.

WORKING PAPERS

Pennsylvania state law requires every person under 18 years of age to obtain an employment certificate before working in any establishment or occupation. The required papers can be secured through the Guidance Office of the Schuylkill Haven Area High School. The office hours are 7:30 - 12:00 A.M. and 1:00 - 3:30 P.M. Telephone number is 385-6720.

The Child Labor laws were amended by Act 192 of 1988 (House Bill No. 2502, PN 3889).

Under the new Child Labor Law signed by Governor Corbett in October of 2012, there will be only one permit. The new work permit will apply to all minors age 14 through 17 and may be used by more than one employer.

Neither the employer nor the physician will need to sign an application for work permit. The law does require that an applicant's parents or legal guardian sign an application for work permit.

Complete the application form with necessary signatures and information. Upon completion, return the form to the Guidance Office.

A Parental Acknowledgement of Minor's Duties and Hours of Employment must be completed and signed. This form is then returned along with the Application for Work Permit.

Under the new law, an issuing officer may deny a work permit if in his/her judgment the applicant cannot maintain adequate academic achievement if permitted to work during the school year. An issuing officer may revoke a work permit if it is his/her judgment that the minor cannot maintain adequate academic achievement if permitted to work during the school year.

Work permits are not required for minors who have graduated from an accredited high school who can exhibit official proof of such graduation and minors aged seventeen who are declared to have attained their academic potential by the chief school administrator of the school district wherein he/she resides.

DISCIPLINE INFORMATION – CODE OF CONDUCT

**Penalties listed below serve as merely a guide and are subject to administrative discretion.*

ACADEMIC DISHONESTY AND PLAGIARISM

Any teacher in the school will be happy to clarify what his or her expectations are for projects and papers. Do not use ignorance as an excuse to commit academic dishonesty. The English department will check all papers submitted to be sure that they are the original work of the student. Students may be asked to provide their sources for the paper, whether the sources are web sites, books, or videos, etc. Students are required not only to have used any sources that are identified in the paper, but also to have correctly paraphrased the material. Teachers will verify this and students' failure to do so will be considered a violation of the school's academic honesty policy. In addition, if it is found that any outside sources have been used that are not identified in the paper that is plagiarism as well.

WHAT IS ACADEMIC DISHONESTY?

As mentioned above, anytime a student identifies work as his or her own; it is assumed that the student is responsible for all of the material therein. In other words, once you put your name on a test, quiz, homework, project, review sheet, or paper, you are claiming that you alone have completed the work. If a teacher has permitted group work, the names of all the group members should be identified. Borrowing someone else's homework, even if that person has willingly given it to you, is **cheating and academically dishonest**. It is fraud. You are asking the teacher to give you credit for work you didn't do yourself. For that you will receive a zero in that class, along with the other punishments as outlined in the school handbook.

WHY IS THERE A DISCIPLINE VIOLATION AS WELL AS ACADEMIC?

In addition to falsely claiming to have completed work within the academic class, for which you receive a zero, you have also violated the behavior policy of the school. You have committed fraud or stolen someone else's property. If you fraudulently forge a parent's signature, you would receive a punishment from the school. If you steal someone's backpack, you would be violating the rules of the school. It is no different when you use someone else's intellectual property. In the world outside of high school, the punishments for taking someone else's ideas and passing them off as your own include both a criminal punishment and employment repercussions. In other words, people who do this will often lose their jobs and get sued or fined.

****If all this seems complicated or harsh, the simple way to avoid it all is to **do your own work**. Teachers are willing to help you with confusing areas, but if you don't ask for help, then commit academic dishonesty, do not try to use the excuse that you "didn't understand." This is unacceptable. **The above guidelines must be followed. No exceptions.****

PENALTIES FOR VIOLATION OF PLAGIARISM POLICY

First offense	Zero for the assignment, detention
Second offense	Zero for the assignment, 1 day in-school-suspension

CHEATING

One of the most important lessons education should teach is honesty. While it does not appear as a subject, it underlies the whole educational structure. Character, self-control, efficiency, and personal worth all grow from a sense of individual honesty. An act of cheating destroys the positive qualities our educational systems attempt to impart to our students.

PENALTIES FOR VIOLATION

CUTTING CLASS/OUT OF ASSIGNED AREA

A student is expected to attend class regularly in order to receive maximum benefit from his or her education. Cutting class or not being in the appropriate assigned area is a serious violation of the school's discipline code. Severe issues may require immediate in-school suspension.

PENALTIES FOR VIOLATION

DETENTION

Detention may be assigned to a student for unexcused tardiness, not completing assignments (academic) and violations of the Discipline Policy. Detention will be served before the school day from 7:00 – 7:45 AM or following the dismissal of school from 3:00 - 4:00 PM under the supervision of a member of the professional staff. Students assigned detention will be notified at least one (1) day in advance of the date when they are to serve detention; however, students may choose to serve detention earlier than the assigned date/time. Students are to inform parents/guardians; parents/guardians will also receive the discipline notice by mail. Students are to make arrangements for transportation home.

If a student is present on the assigned day of detention and fails to report to the assigned detention, he or she will be assigned a make up and a penalty detention. Forgetfulness is not an excuse for missing detention. Practices, appointments, and other after-school activities are not valid excuses for missing detention. If a student is absent on the assigned day of detention, he or she will make up the detention on the next scheduled detention date.

Students are to report to the detention room at 7:00 AM or 3:00 PM. Students arriving late to detention will be assigned another detention. Students may not leave their assigned seats for any reason during detention. They are to use the lavatory and secure any books or supplies they need before reporting for detention. Students may arrange to meet with a teacher during detention time regarding assignments. Students must make arrangements, and communication must be made with the detention monitor prior to detention.

Students must work on school assignments during detention. Students without assignments will copy the discipline section of the student handbook. Students are not permitted to talk, eat, drink, sleep, listen to music, or play games during detention.

LATE TO SCHOOL

One of the most important lessons this high school teaches is punctuality. On-time attendance is very important. Employers constantly question the school on the lateness and attendance records of students. Poor weather conditions, personal health problems, and extreme family emergencies are the only legal excuses for a student reporting late to school. Students must turn in a written excuse for the lateness within one **(1)** day of being late to school. Students that accumulate ten **(10)** total lateness's will be declared excessively tardy and must provide a Dr.'s note for any future lateness within one **(1)** day of returning to school.

Teachers have the discretion to allow cell phones to be used within the classroom for educational purposes. The school reserves the right to change this procedure as it becomes necessary.

Under NO CIRCUMSTANCES may students use the laptops, or any other device, to video or audio record a teacher or student without that person's permission-Please see Level 4 of Discipline Code.

12.1. Free education and attendance

(a) All persons residing in this Commonwealth between the ages of 6 and 21 years are entitled to a free and full education in the Commonwealth's public schools.

(b) Parents or guardians of all children between the ages of 8 and 17 are required by the compulsory attendance law to ensure that their children attend an approved educational institution, unless legally excused. Students who have not graduated may not be asked to leave school merely because they have reached 17 years of age if they are fulfilling their responsibilities as students. A student may not be excluded from the public schools or from extracurricular activities because:

- (1) The student is married.
- (2) The student is pregnant.
- (3) The student has a disability as identified by Chapter 15 (relating to protected handicapped students).
- (4) The student is an eligible student identified under Chapter 14 (relating to special education services and programs).

This section cited in 22 Pa. Code § 12.6 (relating to exclusions from school).

12.2. Student responsibilities

- (a) Student responsibilities include regular school attendance, conscientious effort in classroom work and homework, and conformance to school rules and regulations. Most of all, students are responsible to share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.
- (b) No student has the right to interfere with the education of fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators and all others who are involved in the educational process.
- (c) Students should express their ideas and opinions in a respectful manner.
- (d) It is the responsibility of the students to conform to the following:
- (1) Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them. Students should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
 - (2) Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
 - (3) Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
 - (4) Assist the school staff in operating a safe school for the students enrolled therein.

 - (10) Report accurately in student media.
 - (11) Not use obscene language in student media or on school premises.

12.3. School rules

- (a) The governing board has the authority to make reasonable and necessary rules governing the conduct of students in school. The rulemaking power, however, is not unlimited; it must operate within statutory and constitutional restraints. A governing board has only those powers that are enumerated in the statutes of the Commonwealth, or that may reasonably be implied or necessary for the orderly operation of the school.
- (b) Governing boards may not make rules that are arbitrary, capricious, discriminatory or outside their grant of authority from the General Assembly. A rule is generally considered reasonable if it uses a rational means of accomplishing some legitimate school purpose.
- (c) Each governing board shall adopt a code of student conduct that includes policies governing student discipline and a listing of students' rights and responsibilities as outlined in this chapter. This conduct code shall be published and distributed to students and parents or guardians. Copies of the code shall also be available in each school library.

12.4. Discrimination

Consistent with the Pennsylvania Human Relations Act (43 P. S. § § 951—963), a student may not be denied access to a free and full public education, nor may a student be subject to disciplinary action on account of race, sex, color, religion, sexual orientation, national origin or disability.

12.5. Corporal punishment

- (a) Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.
- (b) Teachers and school authorities may use reasonable force under the following circumstances:
- (1) To quell a disturbance.
 - (2) To obtain possession of weapons or other dangerous objects.
 - (3) For the purpose of self-defense.
 - (4) For the protection of persons or property.

12.6. Exclusions from school

(a) The governing board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain students with disabilities shall be governed by § 14.143 (relating to disciplinary placements) and 34 CFR 300.519—300.529 (relating to discipline procedures).

(b) Exclusion from school may take the form of suspension or expulsion.

(1) Suspension is exclusion from school for a period of from 1 to 10 consecutive school days.

(i) Suspensions may be given by the principal or person in charge of the public school.

(ii) A student may not be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened.

(iii) The parents or guardians and the superintendent of the district shall be notified immediately in writing when the student is suspended.

(iv) When the suspension exceeds 3 school days, the student and parent shall be given the opportunity for an informal hearing consistent with the requirements in § 12.8(c) (relating to hearings).

(v) Suspensions may not be made to run consecutively beyond the 10-school day period.

(vi) Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the governing board.

(2) Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing under § 12.8.

(c) During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except as set forth in subsection (d).

(d) If it is determined after an informal hearing that a student's presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(e) Students who are under 17 years of age are still subject to the compulsory school attendance law even though expelled and shall be provided an education.

(1) The initial responsibility for providing the required education rests with the student's parents or guardian, through placement in another school, tutorial or correspondence study, or another educational program approved by the district's superintendent.

(2) Within 30 days of action by the governing board, the parents or guardians shall submit to the school district written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within 10 days of receipt of the notification, make provision for the student's education. A student with a disability shall be provided educational services as required by the Individuals with Disabilities Education Act (20 U.S.C.A. § 1400—1482).

(3) If the approved educational program is not complied with, the school entity may take action in accordance with 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act) to ensure that the child will receive a proper education. See § 12.1(b) (relating to free education and attendance).

12.7. Exclusion from classes—in-school suspension

(a) A student may not receive an in-school suspension unless the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the suspension becomes effective.

(b) Communication to the parents or guardian shall follow the suspension action taken by the school.

(c) When the in-school suspension exceeds 10 consecutive school days, an informal hearing with the principal shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in § 12.8 (relating to hearings).

(d) The student's school entity has the responsibility to make provision for the student's education during the period of the in-school suspension.

12.8. Hearings

(a) General. Education is a statutory right, and students shall be afforded due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.

(b) Formal hearings. A formal hearing is required in all expulsion actions. This hearing may be held before the governing board or an authorized committee of the board, or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire governing board is required to expel a student. The following due process requirements shall be observed with regard to the formal hearing:

(1) Notification of the charges shall be sent to the student's parents or guardians by certified mail.

(2) At least 3 days' notice of the time and place of the hearing shall be given. A copy of the expulsion policy, notice that legal counsel may represent the student and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.

(3) The hearing shall be held in private unless the student or parent requests a public hearing.

(4) The student may be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian attend the hearing.

(5) The student has the right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.

(6) The student has the right to request that the witnesses appear in person and answer questions or be cross-examined.

(7) The student has the right to testify and present witnesses on his own behalf.

(8) A written or audio record shall be kept of the hearing. The student is entitled, at the student's expense, to a copy. A copy shall be provided at no cost to a student who is indigent.

(9) The proceeding shall be held within 15 school days of the notification of charges, unless mutually agreed to by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible:

(i) Laboratory reports are needed from law enforcement agencies.

(ii) Evaluations or other court or administrative proceedings are pending due to a student invoking his rights under the Individuals with Disabilities Education Act (20 U.S.C.A. § § 1400—1482).

(iii) In cases in juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to the condition or best interests of the victim.

(10) Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

DRUG, ALCOHOL AND SUBSTANCE ABUSE POLICY FOR STUDENTS

This policy is an effort by the Schuylkill Haven Area School District to respond effectively to the potential and current use of alcohol and drugs by members of the student body.

A fundamental concern of the Schuylkill Haven Area School District is the emancipation of all its students from the threat that drugs and alcohol pose to their present and future well-being. This concern goes beyond merely enforcing standards of conduct while students are in attendance at school or are engaged in school activities. It extends to initiating and supporting efforts to deal with the causes of drug and alcohol abuse.

The school district will work through the K-12 curriculum, classroom activities, the Student Assistance Team, county human service agencies, faculty effort, and written disciplinary procedures to prevent and intervene in the abuse of controlled substances by members of the school population.

The Schuylkill Haven Board of Education endorses and encourages participation by school personnel in progress of drug and alcohol prevention, including counseling and assisting students and parents.

School Guidelines

These guidelines have been created as one part of the Alcohol and Drug Policy. They are intended to provide a consistent means for effectively responding to alcohol and drug related situations that may occur at school or at school sponsored events. They have been written with due consideration for the legal rights and responsibilities of administrators, faculty, students, and parents who may find themselves involved in such situations. All standard medical and emergency procedures shall be followed. In such instances, the student shall not be left alone, the school nurse shall be summoned immediately, and if necessary additional medical help will be secured.

The guidelines are divided according to situations that may occur at school or at school sponsored events.

II. Definition of Sexual Harassment

Sexual harassment is a form of sex discrimination prohibited by Titles VII and IX of the Civil Rights Act of 1964, as amended, and the Pennsylvania Human Relations Act. The following behavior constitutes prohibited sexual harassment for purposes of this policy:

1. Unwelcome sexual advances; or

3. Such conduct has the purpose or effect of unreasonably interfering with the recipient's work or school performance or of creating an intimidating, hostile, or offensive working or learning environment. The determination of the purpose or effect of such conduct shall be based upon all relevant factors, including but not limited to, the nature of the conduct, the intent of the actor, the reaction of the recipient, and the reasonable belief of the recipient and the actor as to such purpose or effect.

III. Consequences of Violation of Policy

Any student in this District who is found to have engaged in conduct constituting sexual harassment may be subject to discipline up to and including expulsion. In addition, any student found to have violated this policy may be required to participate in educational activities related to sexual harassment as part of any discipline imposed. Determination of the appropriate disciplinary sanctions or educational requirements shall be based upon the circumstances of the individual case, considering the following factors among others:

- severity of the misconduct;
- pervasiveness or persistence of the misconduct;
- effect on the victim or victims;
- intent of the perpetrator.

IV. Complaint Procedure

- A. Each building principal shall designate one individual to receive sexual harassment complaints from staff and students in that building. Each school year, staff and secondary students shall be notified of the identity of the designated individual, and shall be informed that the said individual is available to receive sexual harassment complaints, answer questions concerning sexual harassment, and assist in resolving problems within the building which may involve sexual harassment. Guidance Counselors have been designated to receive student complaints. Student complaints may be lodged with other appropriate individuals in the district including, but not limited to, teachers, nurses, or administrators. Sexual harassment complaints may be made in writing.

- C. Complaints involving student-to-student sexual harassment which are lodged at the classroom or building level may be resolved informally. If an informal resolution is satisfactory to the complainant and/or complainant's parents is reached, no further investigation or action by the District is required. If the problem cannot be informally resolved, it should be referred to the District Sexual Harassment Liaison for investigation as set forth below.
- D. All other complaints shall be referred to the Sexual Harassment Liaison, who shall immediately initiate an investigation which shall include, but not be limited to the following:
 1. interview of complainant
 2. interview of accused
 3. interview of any other persons with personal knowledge of the allegations of the complaint.

All employees involved in conducting such an investigation shall maintain strict confidentiality of all information obtained during the course of such investigation, and shall only reveal or disclose such information:

In all cases investigated by the District Sexual Harassment Liaison, the results of the investigation shall be reported in writing to the Superintendent, the building principal, and the staff member to whom the complaint was initially made. Such report shall include a conclusion and a summary of facts upon which such conclusion is based, and a recommendation as to remediation, if appropriate.
- B. If the Sexual Harassment Liaison concludes that unlawful sexual harassment has occurred, the Superintendent and/or building principal shall determine appropriate remediation and/or discipline. Any disciplinary action shall be subject to limitations of the School Code, State Board regulations and other applicable law, and any applicable collective bargaining agreement.
- C. If the Sexual Harassment Liaison concludes that no unlawful sexual harassment has occurred, the Superintendent and building principal shall be so notified. Under no circumstances shall any record of a complaint which is found to be without basis be placed in an accused's student record or released to any person other than the accused, the Superintendent, the building principal, and the staff member to whom the complaint was originally made, without consent of the accused, except by order of court.
- D. If the investigation is inconclusive, the Liaison shall so state in his or her report. The Superintendent and/or the building principal may, in his or her discretion, require non-disciplinary educational activities to be conducted as a result of an inconclusive investigation. Under no circumstances shall an accused or a complainant be disciplined based upon an inconclusive investigation.
- E. If the Sexual Harassment Liaison concludes that the accused is not guilty of unlawful sexual harassment, and that the complaint was lodged in bad faith, then the Superintendent and/or the building principal may impose appropriate discipline on the complainant, subject to limitations of law. In addition, if the Sexual Harassment Liaison concludes that the accused retaliated against the complainant in any way

because of the complaint, then the Superintendent and/or the building principal may impose appropriate discipline on the accused, subject to limitations of law.

DISCIPLINE POLICY

Discipline is a vital and integral part of the educational process. Recognizing that the school and home need to work together to develop self-discipline within students, the Board of Directors of the Schuylkill Haven Area School District have adopted guidelines to develop more responsible student behavior.

The policy specifies each level of misbehavior, examples of the level of misbehavior, procedures to be followed at each level, and the disciplinary options/responses appropriate for each level.

LEVEL I

LEVEL IV

Acts directed against persons or property but whose consequences do not seriously endanger the health or safety of the student or others in the school.

These acts might be considered criminal but most frequently can be handled by the disciplinary mechanism in the school.

Corrective measures which the school should undertake, however, depend on the extent of the school's resources for remediating the situation in the best interests of all students.

EXAMPLES

Smoking
Fighting
Threats (Verbal)

Continued disruptive behavior (students with multiple offenses)
Recording student and/or staff without teacher or administrator permission

LOCKER SEARCH POLICY

Purpose

The Board acknowledges the need for safe in-school storage of books, clothing, school materials and other personal property and may provide lockers for such storage.

Authority

All lockers are and shall remain the property of the school district. Students are encouraged to keep their assigned lockers closed and locked against incursion by other students, but no student may use a locker as a depository for a substance or object which is prohibited by law or district regulations or which constitutes a threat to the health, safety or welfare of the occupants of the school building or the building itself.

Title 22, Section 12.14 The Board reserves the right to authorize its employees to inspect a student's locker when such employee has reason to believe that the locker is improperly used for storage of contraband, a substance or object the possession of which is illegal, or any material which poses a hazard to the safety and good order of the schools.

Title 22, Section 12.14 Whenever the search of a student's locker is prompted by the reasonable suspicion that the contents of a student's locker create an emergency, the principal may open the locker as soon as it is necessary to do so to discharge properly his/her duty to protect the persons and property in the school.

Delegation of Responsibility

The Superintendent shall develop procedures to implement this policy which shall require:

- All requests or suggestions for the search of a student's locker shall be directed to the school building principal.
- Prior to a locker search, the student shall be notified, if possible.
- The principal or representative shall be present whenever a student locker is inspected.
- The principal shall open a student's locker for inspection on the request of a law enforcement officer on presentation of a duly authorized search warrant or when probable cause exists.
- The principal shall be responsible for the safe-keeping and proper disposal of any substance, object or material found to be improperly stored in a student's locker.
- The principal shall be responsible for the prompt recording in writing of each locker inspection which record shall include the reasons for the search, persons present, objects found and their disposition.

LOCKERS

Each student will be assigned a locker. All books, papers, general supplies, and coats may be kept in the locker. It is not to be used to store valuable personal items or money. The school cannot be responsible for items which are lost or stolen. Students will be charged for the loss and/or damage in books and school property on the basis of current replacement cost. Articles are not to be pasted or attached to the inside of lockers or locker doors without prior administrative permission. All lockers must be kept in clean fashion and will be periodically inspected. All lockers are and shall remain the property of the school district. As such, students shall have no expectation of privacy in their lockers.

School authorities may search a student's locker and seize any illegal materials. Such materials may be used as evidence against the student in disciplinary proceedings. The student in the case shall be notified and given the opportunity to be present. Where school authorities have a reasonable suspicion that the locker contains materials which pose a threat to the health, welfare, and safety of students in the school, student lockers may be searched without prior notification and opportunity to be present.

PA Code Title 22 Section 12.14

SCHUYLKILL HAVEN AREA SCHOOL DISTRICT

Annual Public Notice of Special Education Programs and Services and Gifted Education Programs

The Schuylkill Haven Area School District is required by the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") to provide a free, appropriate, public education ("FAPE") to "children with disabilities." Pursuant to the IDEA, students are considered to be children with disabilities if they need special education and related services and have one or more of the following physical or mental disabilities:

- Autism
- Orthopedic Impairment
- Deaf-Blindness
- Other Health Impairment
- Emotional Disturbance
- Specific Learning Disability
- Hearing Impairment including Deafness
- Speech or Language Impairment
- Mental Retardation
- Traumatic Brain Injury
- Multiple Disabilities
- Visual Impairment including Blindness

The IDEA further requires the provision of FAPE to children with disabilities between the age of three and the school district's age of beginners known as "eligible young children." The Schuylkill Intermediate Unit 29 provides early intervention services and programs to eligible young children located within the Schuylkill Haven Area District. All children learn and grow at different rates. Children who are developing more slowly than other children their age may need Early Intervention Services. Delays in the following developmental milestones can alert parents to the potential need for Early Intervention Services:

- Physical Development (ability to move, see, and hear)
- Language Development (ability to talk or express needs)
- Social and Emotional Development (ability to relate to others)
- Self-Help Development (ability to eat, dress, and take care of themselves)
- Cognitive Development (ability to think and learn)

Parents who feel their young child may not be reaching developmental milestones should contact the Schuylkill Intermediate Unit 29 for the purpose of screening, evaluation and appropriate program and services if necessary. Eligible young children are afforded the same rights as school age children.

Services For Protected Handicapped Students

The Schuylkill Haven Area School District must provide services to and may not discriminate against "protected handicapped students" in accordance with Section 504 of the Rehabilitation Act. A protected handicapped student is a student who has a physical or mental impairment, which substantially limits one or more major life activities, has a record of such impairment or is regarded as having such impairment. Protected handicapped students may qualify for special services to ensure equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for the individual student.

Gifted Education

In Pennsylvania, school age students qualify to receive specially designed instruction when they have been identified as "mentally gifted." A student is mentally gifted when he or she has outstanding intellectual and creative ability that requires specially designed programs or support services not ordinarily provided in the regular education program. The Schuylkill Haven Area School District will determine whether a student is mentally gifted based upon multiple criteria, including I.Q. The determination of gifted ability will not be based on I.Q. score alone.

Screening And Evaluation

If you believe that your child may be eligible for special education and related services, or gifted education, screening and evaluation services designed to assess the needs of your child and his/her eligibility are available to you at no cost. The special education evaluation will determine if your child qualifies for special education services. The special education programs include a full continuum of services to the students in both district-operated classes as well as classes provided by the Schuylkill Intermediate Unit 29. The district makes every effort to provide these services in the least restrictive environment.

You may request a screening and evaluation at any time, whether or not your child is enrolled in the district's public school program. Requests for screenings and evaluations can be made by contacting your child's guidance counselor or your child's building principal. All requests will be kept confidential. If you believe that your child may qualify for services as an eligible young child, you may contact the Schuylkill Intermediate Unit 29 directly.

The Schuylkill Haven Area School District is committed to providing a continuum of services and programs to all children with special needs that provides the opportunity to access the general curriculum of the district in the least restrictive environment.
